Advance Quarterly Prayer Points

Thank you so much for being willing to partner with us in praying regularly for items affecting those within the Advance movement. Please feel free to circulate these prayer points to your leaders, church community and prayer groups.

North America:

The Bridge is a 13 year-old rural church in Leadington, Missouri that is filled with faith that God can do big things in small places. They have had the great joy of seeing God use their church to reach the local community, nearby communities and even churches around the globe. But, they're are pleading with God that He will save more. Additionally, that He might grant them the grace to participate more in his mission. They are a missionally-minded church, but are in a season of re-strengthening their local hand in preparation for the future.

Please join them in praying for:

1. The ongoing leadership development of their next generation to carry the torch;
2. The opening of their new youth space and greater impact on students in their local community;
3. The continues pursuit of a deeper culture of church as family.

Africa:

Parkhurst Community Church launched in January 2013 under the leadership of Doug and Claire Fell. The church is situated in a trendy, eclectic area among a people who have largely moved on from Christianity. Parkhurst Community Church has a deep commitment to the faithful teaching of the bible, the intentional discipling of believers, genuine engagement with unbelievers in the community and a desire to see the surrounding area transformed by the gospel through salvation, renewal and discipleship. The church has close partnerships with a campus based student ministry and an anti human trafficking movement. They are eager to see greater fruit in both of these partnerships. Already 7 years in they are excited about how God is leading them toward church multiplication.

Please join them in praying for:

1. That God would pour out His mercy on the broader Parks area, and that they would see many come to faith in Jesus and follow Him;
2. For wisdom as they explore various opportunities to serve the poor and work for justice in a country with overwhelming needs;
3. That God would help them to raise up leaders at every level as they move towards church multiplication.

UK:

Truro is the county capital of Cornwall, the most south-westerly point of the UK. Cornwall is rich in natural beauty but poor in spiritual vitality. John Wesley was a regular visitor to Cornwall and hundreds of communities were impacted by the church planting movement that he influenced. Since then, many of the lights that burned bright have gone out. Grace's vision is to see lights turned back on! In 2017 they sent out a team to plan a church in Falmouth on the south coast and are currently making preparations for a new church plant in nearby St Austell.

Please join them in praying for:

1. Fruit from their forthcoming Alpha course;
2. The establishment of strong new churches in Falmouth and St Austell;
3. Strength added to the sending and resourcing base in Truro.
